

REMARKS

The amendments to this patent application are as follows.

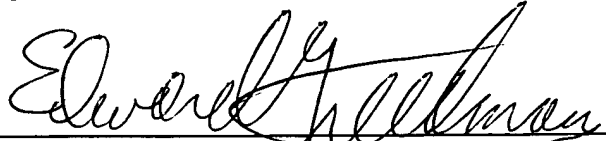

One sheet of drawings showing FIG. 1 has been added. The Specification has been amended on Page 1 to insert a "Cross-Reference to Related Applications". The Specification has been amended on Page 16 to include a "Brief Description of the Drawings" for FIG. 1. The Specification has also been amended on Page 17 in order to include a more detailed description of FIG. 1.

In the parent U.S. Patent Application Serial No. 09/716,708 filed November 20, 2000, the Patent Examiner sent a Restriction Requirement dated March 19, 2002. This Restriction Requirement required the selection of either Group I claim 1, or Group II claims 2 to 11. In the parent, Group I claim 1 was selected. In this Divisional Patent Application, claim 1 has been canceled, such that the remaining claims are the Group II claims 2 to 11.

No new matter has been introduced by this Preliminary Amendment. Entry and consideration of this Preliminary Amendment is respectfully requested.

Respectfully submitted,

WOLFGANG SIEBERT ET AL 2
